

If a provider is found to be out of compliance and the state is seeking to revoke their license or registration, the provider is required to post the revocation notice in a place where it is visible to the public. In many circumstances, the provider is still able to operate their child care business until a final action is taken by the state. Please contact your county DHS office if you have questions about the provider, wish to review the registration or licensing file, or wish to file a complaint.

List of Regulated Child Care Providers created April, 2009 by the Iowa Department of Human Services.

Child care providers listed here are those who are regulated by the state. This listing of providers is NOT intended to be used as a referral list. For assistance in finding a child care provider, contact the Child Care Resource and Referral Agency (CCR&R) serving the county you live in. The CCR&R can provide a detailed listing of providers who can meet the unique needs of your family and child, including information on the hours of care, ages served and rates. For contact information on the CCR&R in your area, hit "back" to return to the child care home page (http://www.dhs.state.ia.us/Consumers/Child_Care/LicensingRegs/CCProviderMap.html).

If a provider is found to be out of compliance and the state is seeking to revoke their license or registration, the provider is required to post the revocation notice in a place where it is visible to the public. In many circumstances, the provider is still able to operate their child care business until a final action is taken by the state. If you have questions about the provider, contact the county DHS office.
